Sandy:

Per our telephone discussion today:

- the current address of Hypertouch's server in California is given in Answer no. 1 of the Hypertouch responses to WA interrogatories, sent to you on April 8. (Ruthelma, Palo Alto). The specific address is designated confidential, as I described.

- BSI tax returns - I am in discussions with client on this, will respond further.

- Plaintiff's privilege log - we will de-designate the confidentiality designation. I will respond to your other points further.

- Modification of Wagner hybrid expert report to omit references to materials from litigation, specifically, reports of other experts.

I am in discussions with client on this and will respond further.

As to Defendants' responses directed by the Court on March 24, I am asking that full production be made as directed, and I understand that you will provide an update on status on this issue tomorrow.

Thank you.
